

## LEADERS LUNCH SERIES

### UNIQUE OPPORTUNITIES IN PRIVATE CREDIT

With attractive risk / reward characteristics and yield potential, private credit has become a mainstay of institutional portfolios.

However, it's a competitive environment with many GPs originating PE sponsored unitranche and senior secured lending to businesses in Europe's larger cities.

Over lunch, we are delighted to welcome Ninety One's Lei Lei who will set out how the team source and structure highly attractive deals to unsponsored, asset backed opportunities in less explored markets and cities.

Please join us for a fascinating discussion over a lunch with a carefully selected group of senior peers.
